

# Your data tells a unique story

In the same way that every giraffe's markings are unique, the data contained in SustainIQ tells a unique story about how your company is impacting on the world and how that's affecting your profits, but do you understand what it's telling you?

## Why Choose Us?

### Preferred Partners

We are trusted by SustainIQ for our experience and ability to interpret data to effectively address sustainability

### Consulting Expertise

We are committed to providing innovative solutions based on the story your data tells and the goals you have set

### Advanced Technology

We know SustainIQ is one of the best ESG reporting platforms out there, but are **you** making the most of it?

### Rapid Value Creation

We'll identify challenges and opportunities to create value for your company that won't cost the earth

## What to expect and how it will help

### Phase 1: Data insights and strategic assessment

This initial phase is designed to give you a clear understanding of your current position and identify immediate opportunities.

- **High level review and interpretation** of the story your SustainIQ data is telling
- A **tailored, concise report** reviewing current performance in line with ESG objectives
- **Clear guidance** on areas for targeted action to drive significant improvement
- **Costed scenarios** of the difference you could make by addressing risks and opportunities uncovered by the data

### Phase 2: Hands on implementation and support

In Phase 2, we provide practical support to implement the identified improvements and embed sustainable practices.

Direct, hands on support to work with your team to cover the following areas:

- **Emissions reductions:** Strategies to lower your carbon footprint
- **Circularity:** Integrating circular economy principles into your operations
- **Social Value:** Enhancing your impact on communities and stakeholders
- **Governance:** Strengthening internal ESG management and reporting
